Posted on [September 26, 2010](#) by [Chris](#)

Eva Sylvia Haines was born 12th October, 1900. Her parents were : Eva Mary (nee Fenn) and Frederick Haselfoot HAINES – he was a keen spider collector, based in Dorset. Their other children were Frederick Merlin HAINES (1898-1964), Gladys Mary HAINES (born 1905) and Rowena Mabel HAINES (born 1908). Rowena was born in 1908 in Winfrith.

Eva Sylvia Haines ‘generally’ went under the name of Sylvia. She was a keen botanist and botanised with her uncle Henry Haselfoot Haines. He acknowledges her help in the preparation of ‘**The Botany of Behar and Orissa**’ (in the preface). When he died, she was one of the trustees of his estate; his herbarium was bequeathed to Sylvia and Gladys to be divided as they decided.
